

Cart Wash Detergent

Low Foam

For All Brands of Automatic Cart Washers

Product Features

Cleans a wide range of metal surfaces - safe and effective for stainless steel, aluminum, tungsten carbide, copper and brass instruments as well as mixed metals and all other materials (incl shoes).

Free of metal-attacking agents - no content of scale-forming phosphates, chlorides or hydroxides.

Counteracts hard water - chelating additives help protect steel by preventing scale build up.

Penetrates bio-burden - frees instruments of stubborn organic encrustation.

Versatile - formulated for all brands of and types of cart washers.

Directions for Use

Program machine to deliver 25 - 30 ml of **CST-500** per gallon (approx. +/-7.5 ml per liter) water. For most cleaning applications 28 ml per gallon will provide superior cleaning performance. Occasionally, more **CST-500** may be required, contingent upon water quality and bio-burden load. Ensure that machine goes through both wash and rinse cycles. Post inspect all instruments; if soil or residue is present, reprocess using a higher level of **CST-500**. For best results, use **CST-600 Cart Rinse** in the rinse cycle to ensure complete detergent removal and spot free drying.

Specifications

Chemical Description: Concentrated liquid blend with chelating agents & bio-burden complexing agents

Physical Appearance: Clear, low viscosity liquid, easily drawn through automatic metering systems

pH: 6.0 - 8.0 at recommended dilution ratio 6,5 - 7.8 as is

Specific Gravity: 1.02 g/ml

Order Information

CST-500-5 - 5 gallon plastic jug with handle

CST-500-15 - 15 gallon plastic drum

CST-500-30 - 30 gallon plastic drum

CST-500-55 - 55 gallon plastic drum

Cautions/Warnings

Read Material Safety Data Sheet (MSDS) before using this product. **KEEP OUT OF REACH OF CHILDREN!**
As a safety precaution, protect skin and eyes by wearing NIOSH approved safety goggles and gloves.
